This template supports the DfE vision set out in the refreshed [National Plan for Music Education 2022](#) for all schools to have a published School Music Development Plan by September 2023.

It is intended to support School Leaders and Music Curriculum Leads to build upon their music offer and track improvements for music in their school.

## Focus area 1: Curriculum

Our aim at Hadley Learning Community is to provide an excellent education for all our students; an education which brings out the best in all of them and prepares them for success in life. Our curriculum is designed to provide children with the core knowledge they need for success in education and later life, to maximise their cognitive development, to develop the whole person and the talents of the individual and to allow all children to become active and economically self-sufficient citizens. By drawing on the best that's been thought, said and done in each subject, alongside the promotion of our local environment, we hope that our curriculum at Hadley Learning Community enables children to appreciate and participate in the full richness of the human experience. Subjects work together to identify knowledge, thematic and skills-based links between their disciplines and exploiting those through careful joint planning will enable students to make connections that will help them to understand the world around them and their place in it. Within that framework, each subject must consider our core values and as a result needs to embed activities that promote our community alongside our 5 key words: Belong, Respect, Inspire, Succeed and Enjoy

Performing Arts are at the heart of HLC's ethos with all students studying Dance, Drama & Music at KS3. We are incredibly proud of our students who we nurture to achieve their personal best in all three disciplines. The Performing Arts Team seek to inspire a love for the Arts and capture the imagination of our students by introducing them to a rich diet of culture and diverse traditions, whilst developing confident and caring individuals who are equipped to deal with the world in which we live. Our students enjoy learning through practical activities which encompass a wide range of dance, acting and musical styles. They learn creative ways to express themselves and will use their senses, perceptions, feelings and values to communicate ideas, emotions and experiences. Development of critical faculties enables them to effectively evaluate their own work and that of others. Through a safe and respectful environment,

students learn to trust their ideas and abilities and grow in confidence whilst honing teamwork and cooperation skills. Through the study of specific skills and techniques, students will develop their resilience, self-discipline, health and wellbeing in order to overcome challenges and learn how to present themselves going into real life situations. All students are encouraged to develop their skills further through our extensive range of enrichment activities, including instrumental lessons, which provide numerous opportunities for students of all abilities to perform in a range of events. Students with a talent and passion for our subjects are pushed to perform at the highest level. We ensure to provide professional opportunities and experiences which will prepare them for further study and a potential career in the industry.

| Curriculum | <p>Music is delivered 'ad hoc' and not in every year group. Some groups of students are unable to access the music curriculum.</p> <p>Progress over time is not measured or celebrated.</p> <p>There are limited resources for teaching.</p>              | <p>Music is a timetabled subject, with schemes of work and assessment in place. All students are able to access this curriculum in all year groups.</p> <p>Students engage with schemes of work and build areas of musical interest and growing skill.</p> <p>Pupils with additional needs are able to participate and engage with music-making.</p> <p>There is adequate teaching space and resources available.</p> | <p>The music curriculum is at least as ambitious as the national curriculum. Curriculum sequencing is clear.</p> <p>Good progress is demonstrated by secure and incremental learning of the technical, constructive, and expressive aspects of music, developing musical understanding.</p> <p>Pupils with additional needs are able to participate and progress well (supported by technology, tools and adapted instruments).</p> <p>Space and resources allow breadth of curriculum for all students, including music technology.</p> | <p>Curriculum goes beyond level of the national curriculum, seeking to address social disadvantage by addressing gaps in knowledge, skills and experiences (i.e. concerts, live events).</p> |
|            | <p>Our Curriculum best fit is: ESTABLISHED – working towards EMBEDDED by looking for wider opportunities and development of enrichment in music opportunities e.g. peripatetic teaching and more opportunity for students to watch live performances.</p> |   |  |  |
